Implant Dentistry... No Pain, No Recovery

Dr. DeVuyst has been providing Dental Implants to patients for years?

Doing Implants in our office makes it affordable for you!

(Believe it or not, insurance companies are starting to accept Implants as standard treatment.)

Replace a missing or fractured tooth

Replace a loose or rocking Partial or Denture

If you are missing all of your teeth and would like the stability of natural teeth.....An Implant-supported Denture is a great option! The Implants integrate for stability, allowing you to bite and chew naturally.

25% off

My dentist for life, your dentist for life.

Digital X-rays Are Here!!!!

We now offer one of the latest technological advances - digital radiography(X-rays). A sensor is placed in the mouth, and our computer generates an image in 30 seconds as opposed to the general 4-6 minute wait time for images taken on dental film. These X-rays are environmentally friendly, and allow us to enlarge images for you to see what we see.

Our Patients Are Saying.....

" The staff is very friendly. Lindsey is the most professional and personable hygienist with whom i have visited. She provides excellent counseling on dental care and hygiene. She is also aware of you individual needs".

" Everyone is very friendly and considerate of patient. No waiting time for appointment. Absolutely love the music playing to ease patients. Very original. The cookies are a definite plus. Glad I joined the group of patients". Carol

" My favorite thing about Dr. DeVuyst and staff is the confidence I have in my treatment. I am completely satisfied with my dental work and cleanings. Everything is explained and the office is modern and very clean".
